WHO IS CDVA?

Childhood Domestic Violence Association's mission is to help those who experience Childhood Domestic Violence (CDV) reach their full potential and inspire others to do the same.

Domestic violence impacts more than the intimate partners involved; it also causes physical, mental, and emotional harm to the children in the home. As we reflect on the impact of the COVID-19 pandemic on families, we now know that domestic violence cases increased by 25-33% globally¹. In the midst of this 'shadow pandemic,' CDVA's resources became even more critical for:

- **Adults who have been impacted by Childhood Domestic Violence (CDV),**
- **Professionals who serve those impacted by CDV, and**
- **People who want to help support those impacted by CDV.**

In our 2022 fiscal year, we continued providing training, support, and a community to those impacted by CDV.

With our award-winning resources, we helped adults build their resiliency against the lifelong impact of CDV. We also provided crucial training materials to social workers and other professionals who serve adults impacted by CDV on a daily basis. Finally, through social media, we created a safe online community to help those impacted by CDV feel welcome and heard.

SUPPORTING IMPACTED CHILDREN AND ADULTS

Childhood Domestic Violence Association is a nonprofit organization 100% dedicated to providing scalable solutions to Childhood Domestic Violence (CDV).

This year, we continued offering our free **Expose the Lies worksheet** which helps adults understand whether they experienced childhood adversities and how to move forward.

Additionally, we continued distributing our *New York Times* bestselling book ***Invincible*** written by and for those impacted by CDV.

SUPPORTING RELATED PROFESSIONALS

In addition to supporting those impacted by CDV, we also work with social workers and other professionals who serve impacted adults and children.

This year, we hosted a Q&A event celebrating the 10th anniversary of our award-winning documentary ***The Children Next Door***.

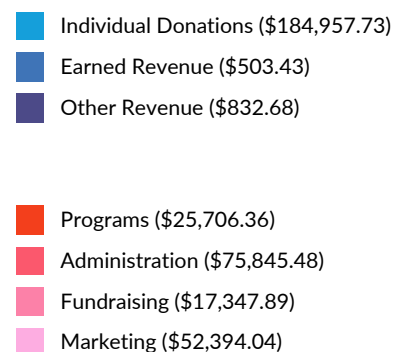

Additionally, we continued offering our evidence-based, UNICEF-recommended program **Change A Life** which prepares professionals to step in when a child is experiencing CDV.

We also offer an accredited, NASW-approved **Resiliency Focused Mentoring Training** program which provides five continuing education contact hours for social workers.
